## AN ORDINANCE.

An Ordinance causing to be prepared, denominated, numbered and sold, interest bearing Bonds of the City of Mt. Sterling, Kentucky, the proceeds of which to be used in the construction of a Sewerage System in the City of Mt. Sterling, Kentucky, and providing for the payment of said Bonds and the interest thereon.

Be it Ordained by the Mayor and Board of City Council of the City of Mt. Sterling, Ky.:

That whereas the Mayor and Board of City Council of the City of Mt. Sterling, Kentucky, as shown by an ordinance heretofore enacted in the year of 1909, deemed necessary to incur an indebtedness of fifty thousand (\$50,000.00) dollars for the purpose of constructing a sewerage system in said City, the payment of which indebtedness could not be met without exceeding the income and revenue provided for the year for said City, and, whereas, notice was given as provided by law to the qualified voters of the City of Mt. Sterling, Kentucky, of an election to be held on November 2, 1909, by said voters to determine whether or not such indebtedness should be incurred by said City, said notice specifying the amount of the indebtedness proposed to be incurred, and the purpose thereof, the amount of money necessary to be raised annually by taxation for an interest and sinking fund to be used to discharge and pay said indebtedness and the interest thereon; said notice having been published in the Mt. Sterling Advocate, the weekly newspaper in said City and used for the publication of all matters required to be published by said City, also the Sentinel Democrat, also the Mt. Sterling Gazette other weekly newspapers published in said City for more than two weeks prior to said election, and whereas, upon the canvass of said votes cast at said election, it appears that two thirds of all the qualified voters and electors in said City voted in favor of incurring said indebtedness; it is now, therefore ordered by the Board of Council of the City of Mt. Sterling, Kentucky, that in order to provide a mode of creating said indebtedness and of paying same, the City of Mt. Sterling, Kentucky, shall issue its bonds as hereinafter provided, and the Mayor of said City be and he is hereby authorized and directed to cause to be prepared Bonds of the City of Mt. Sterling, Kentucky, in the sum of fifty thousand (\$50,000.00) dollars, each of said bonds to be of the denomination of five hundred (\$500.00) dollars and to be numbered from one to one hundred consecutively and to be dated January 15th, 1910, in numerical order as follows:

The Bonds numbered from one to three, both inclusive to become due and payable on 15th day of December, 1910.

The Bonds numbered from four to six, both inclusive to become due and payable on the 15th day of December, 1911.

The Bonds numbered from seven to nine, both inclusive, to become due and payable on the 15th day of December, 1912.

The Bonds numbered from ten to twelve, both inclusive, to become due and payable on the 15th day of December, 1913.

The Bonds numbered from thirteen to sixteen, both inclusive, to become due and payable on the 15th day of December, 1914.

The Bonds numbered from seventeen to twenty, both inclusive,

to become due and payable on the 15th day of December, 1915.

The Bonds numbered from twenty-one to twenty-four, both inclusive, to become due and payable on the 15th day of December, 1916.

The Bonds numbered from twenty-five to twenty-eight, both inclusive, to become due and payable on the 15th day of December, 1917.

The Bonds numbered from twenty-nine to thirty-two, both inclusive, to become due and payable on the 15th day of December, 1918.

The Bonds numbered from thirty-three to thirty-seven, both inclusive, to become due and payable on the 15th day of December, 1919.

The Bonds numbered from thirty-eight to forty-two, both inclusive, to become due and payable on the 15th day of December, 1920.

The Bonds numbered from forty-three to forty-seven, both inclusive, to become due and payable on the 15th day of December, 1921.

The Bonds numbered from forty-eight to fifty-two, both inclusive, to become due and payable on the 15th day of December, 1922.

The Bonds numbered from fifty-three to fifty-seven, both inclusive, to become due and payable on the 15th day of December, 1923.

The Bonds numbered from fifty-eight to sixty-four, both inclusive, to become due and payable on the 15th day of December, 1924.

The Bonds numbered from sixty-five to seventy-one, both inclusive, to become due and payable on the 15th day of December, 1925.

The Bonds numbered from seventy-two to seventy-eight, both inclusive, to become due and payable on the 15th day of December, 1926.

The Bonds numbered from seventy-nine to eighty-five, both inclusive, to become due and payable on the 15th day of December, 1927.

The Bonds numbered from eighty-six to ninety-two, both inclusive, to become due and payable on the 15th day of December, 1928.

The Bonds numbered from ninety-three to one hundred, both inclusive, to become due and payable on the 15th day of December, 1929.

Each and all of said Bonds to bear interest from their date at the rate of five (5) per centum per annum until paid, payable on the 15th day of December, 1910, and semi-annually each year thereafter on June 15th and December 15th, for which interest coupons shall be attached to said Bonds, the principal and interest of said Bonds to be made payable in gold coin of the United States of America, of the present standard weight and fineness and negotiable and payable to the bearer at the office of the Treasurer of the City of Mt. Sterling, Kentucky.

Said Bonds shall be signed by the Mayor and countersigned by the Clerk of the City of Mt. Sterling, Kentucky, and sealed with the proper seal of said City of Mt. Sterling, Kentucky, but the interest coupons attached to said Bonds shall be authenticated by the engraved signature of the Mayor only and registered by the Treasurer of the said City of Mt. Sterling, Kentucky.

Section 2—The Bonds shall be and show upon their face, that they are exempt from any and all forms of taxation for municipal purposes for the City of Mt. Sterling, Kentucky, and they shall be a charge upon the taxes collected for their discharge and upon the sinking fund arising therefrom.

Any corporation whose principal office or place of business is within the City of Mt. Sterling, Kentucky, and which hereafter as-

sesses its property as provided by law, shall for the purposes of municipal taxation in the City of Mt. Sterling, Kentucky, be entitled to have deducted from such assessment the amount of such Bonds owned by it at par value of said Bonds.

Section 3—In order to pay the principal debt and interest represented in and by said Bonds, as and when they shall mature, there is hereby levied upon the property subject to municipal taxation in the City of Mt. Sterling, Kentucky, and ordered to be collected for the fiscal year of 1910, a tax sufficient to raise the sum of four thousand (\$4,000) and fifty dollars; for the year of 1911, four thousand (\$4,000) and fifty dollars; for the year 1912, four thousand (\$4,000) and fifty dollars; for the year 1913, four thousand (\$4,000) and fifty dollars; for the year 1914, four thousand (\$4,000) and fifty dollars; for the year 1915, four thousand (\$4,000) and fifty dollars; for the year 1916, four thousand (\$4,000) and fifty dollars; for the year 1917, four thousand (\$4,000) and fifty dollars; for the year 1918, four thousand (\$4,000) and fifty dollars; for the year 1919, four thousand (\$4,000) and fifty dollars; for the year 1920, four thousand (\$4,000) and fifty dollars; for the year 1921, four thousand (\$4,000) and fifty dollars; for the year 1922, four thousand (\$4,000) and fifty dollars; for the year 1923, four thousand (\$4,000) and fifty dollars; for the year 1924, four thousand (\$4,000) and fifty dollars; for the year 1925, four thousand (\$4,000) and fifty dollars; for the year 1926, four thousand (\$4,000) and fifty dollars; for the year 1927, four thousand (\$4,000) and fifty dollars; for the year 1928, four thousand (\$4,000) and fifty dollars; for the year 1929, four thousand (\$4,000) and fifty dollars.

Such taxes when collected shall be kept in the Treasury of the City of Mt. Sterling, Kentucky, as a separate and distinct fund to be involuntarily appropriated to the payment of the principal debt and interest thus incurred and for no other purpose.

Section 4—The Bonds herein authorized shall be delivered, when executed, as aforesaid, to the Board of Council of the City of Mt. Sterling, Kentucky, to be by them sold at not less than par, and the proceeds thereof shall be used for the construction of a comprehensive sewer system for the disposal of sewage of the City of Mt. Sterling, Kentucky, and for no other purpose.

The purchaser or purchasers of said Bonds shall be entitled to receive interest on said Bonds only from the date of payment therefor.

This ordinance shall take effect from and after its passage and publication as required by law.

## REPORT

### Of Sewer and Street Paving Commission.

To the Hon. Mayor and City Council, Mt. Sterling, Ky. Gentlemen:

The Mt. Sterling Sewer and Street Paving Commission beg leave to report as follows, to-wit:

First. That the members of said Commission met on December 15, 1909, and organized by electing C. H. Bryan, Chairman, and W. R. Thompson, Secretary of same, and employed R. G. Kern as Assistant Secretary, etc., of said Commission.

Second. Said Commission ask that you pass the accompanying resolution specifying the duties of the Commission as to the advertising for bids for bonds and for construction and as to the expenditure, that is the paying out of the proceeds derived from the sale of said bonds.

Third. The passing by your body of the accompanying ordinance in regard to the creating indebtedness for the purpose of paying for the construction of the sewerage system by the issue of the \$50,000.00 of bonds, and of creating a sinking fund, etc., for the payment of same.

All of which is respectfully submitted.

C. H. BRYAN, Chairman.  
W. R. THOMPSON, Sec'y.  
Dec. 16, 1909.

## RESOLUTION.

Be it Resolved by the Mayor and Board of Council of the City of Mt. Sterling, Ky.:

That the Mt. Sterling Sewer and Street Paving Commission heretofore created be further empowered as follows:

That when the Mayor of said City shall advertise for sealed bids for sale of bonds for the construction of the said sewerage system, said sealed bids to be filed with the City Clerk and by him delivered to said Commission for its inspection and recommendation to the Council.

That in the expenditure of the proceeds of the sale of said bonds, for the construction of said sewerage system, said funds shall only be paid out by the Council upon the recommendation of said Commission, all bills first to be approved and recommended by said Commission before their payment by the Council.

That the Mayor shall advertise at the proper time for sealed bids for the construction, etc., of the sewerage system, said sealed bids to be filed with the City Clerk, and by him delivered to the said Commission for its inspection and recommendation to the Council.

C. W. HARRIS, Mayor.

Watch Cow's Teats This Cold Weather.

This cold weather is causing the cow's teats to crack if not watched. A bottle of carbolic vaseline is a good thing to have on hand. A little applied after each milking for a few days will usually heal a sore teat. Teach the calves to drink from a pail instead of chewing the teats will prevent a great deal of this trouble.

### Strong Drink.

We clip the following from the Hazel Green Herald:

The strong drink is one of the most loathsome and ruinous of vices. The culture, happiness, repose and purity of the home vanish and become the scene of misery, strife and pollution by the use of whisky. I sneak of the miseries which the drunkard carries into his family: I talk of his wife and children in rags; young women robbed of virtue and modesty; young men deprived of manliness and truth; wives made to break their marriage vows and husbands transformed into cruel tyrants; houses robbed of peace and furniture and converted into arenas of strife, brutality and crime. The strong drink is the vilest of all forces to clog the progress of goodness. For these and other good reasons I would be glad if the law-abiding citizens of Wolfe county would inquire after the whisky sellers on the head of Red river, at the Granahan camp, and have them brought to justice at the next session of the Wolfe Circuit Court.

Yours for better times,

### OUR MAYORS.

Before our next issue Mayor C. W. Harris retires to the pursuits of private life after a term of office characterized by faithfulness, efficiency, service conscientiously performed and practically without compensation, as prior to and during his administration the salary has been only \$100. We wish him success in his undertakings.

On next Monday Mayor W. A. Samuels will assume the chief place in city affairs. His experience as Councilman has been a fine preparation for his future duties. With this experience, and being a man of affairs, the city's financial interests will be carefully guarded as heretofore. In addition to usual enterprises the construction of the sewer system with attendant increase of expenditures must be carefully managed by the administration. If the ADVOCATE can be of service we are at your command.

### POLICE JUDGE.

Ben R. Turner is to preside over the City Court. He has had the experience. We wish for him success in leading the erring into a more peaceable life—so far as the administration of fines and penalties can accomplish this. We wish for him a continuation of the plaudits heaped upon his predecessor, Judge E. W. Seuff.

### The Very First.

There is joy in service that is voluntary. There is a thrill of pleasure that comes in being awarded first place. Both joy and pleasure are to be credited, therefore, to the excellent Bible-school at Mt. Sterling, for this school has sent voluntarily its offering for 1910 to the State Bible-school work, and the very first for the year.

What a satisfaction to us and to them it is, therefore, for old reliable Mt. Sterling to send in this offering for State Bible-school work for 1910 with a letter of good wishes from the superintendent.

The question may be asked—did Mt. Sterling care for other causes? The answer is most emphatically yes. They far exceeded their centennial apportionment and more than doubled their American Mission offering of 1908. Robt. M. Hopkins in Weekly Bulletin.

### Christmas Entertainment.

The Christmas entertainment at the Methodist Church on Thursday evening was unique, interesting and profitable, and was thoroughly enjoyed by a large crowd. The children and all members of the school joined in to make a donation to our orphanage at Louisville. Each class had decided upon its gift, and had a number on the program. The infant class gave oranges, and a five-year-old recited the Birth of Christ. There was a mitten drill, the mittens given. A doll drill, Christmas hearts, various gifts. Chicken song, fowls given. The jolly millers, flour given. Men's class made a silver offering. Boys' class, a talk on boys, silver offering. Dates in American History, dates given. Old Times are Best was delightfully presented, and stockings donated. The program showed careful, earnest work had been done. A collection was taken and, in donations and cash, more than thirty dollars were sent to gladden the orphans. All enjoyed the spirit of the occasion and felt that "it is more blessed to give than to receive." A simple treat was given the Sunday School and all looked toward a merry Christmas.

## TO AILING WOMEN

A Little Sound Advice Will Help Many a Sufferer in Mt. Sterling.

No woman can be healthy as well if the kidneys are sick. Health will pass off in the secretions when the kidneys are well, are retained in the body when the kidneys are sick. Kidneys and bladder become inflamed and swollen and worse troubles quickly follow. This is often the true cause of bearing down pains, lameness, backache, sideache, etc. Ureter poisoning also causes headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that cures sick kidneys. You will get better as the kidneys get better, and health will return when the kidneys are well. Let a Mt. Sterling woman tell you about Doan's Kidney Pills: Mrs. Hazzard Trimble, No. 4, Jamison St., Mt. Sterling, Ky., says: "I am pleased to say that Doan's Kidney Pills helped me greatly. I was in poor health for some time and was unable to stand or do my housework. I had pains in my left side accompanied by a bearing-down ache through my kidneys. The passages of the kidney secretions were irregular and at times so scanty that there was an almost complete retention. I began to notice signs of dropsy in my limbs and hands and my condition was becoming worse when I began using Doan's Kidney Pills procured at F. C. Duerson's drug store. I was greatly benefited and felt like a different woman. These results have proven to me the effectiveness of Doan's Kidney Pills, and I am pleased to give them my highest endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

## Have More Faith.

It is time to get rid of this attitude of suspicion, time to treat public men as men are treated in business life, as if they were honest until they are proved beyond doubt to be otherwise. The citizen who is constantly insinuating that this or that public man is guilty of graft or of dishonorable dealing and pointing to his opportunities for such course lays himself open to suspicion that he would in like circumstances follow the methods he points out as possible. His mind runs too much in a wrong direction. Faith in one's fellow-man is a wholesome possession; even though it may sometime be misplaced, it is more desirable than the habit of doubt and detraction. It is better to cherish a cheerful gospel and to believe in one's kind; to agree with Mr. Shaw when he says: "This is a good country and we are a good people. Our standards were never as lofty, our service was never as good and our prospects were never more bright than in this blessed year of grace, 1909."—Indianapolis Star.

A sprained ankle will usually disable the injured person for three or four weeks. This is due to lack of proper treatment. New Holland Tramway System. The Dutch government has granted a concession to the Amsterdam & North Holland Tramway Company to build and operate an electric railway system in Holland. The route will be nearly 50 kilometers, running from Amsterdam north through Zaandam, a Krommenie, from Zaandijk to Wyl-Aan-Zee, and Wormerveer to Purmerend. The Holland Development Company of Amsterdam will build the entire system.

No Mustaches in Alaska. Mustaches are not worn by men exposed to the severity of an Alaskan winter. They wear full beards to protect the throat and face, but keep the upper lip clear shaven. The moisture from the breath condenses so quickly that a mustache becomes imbedded in a solid cake of ice, and the face is frozen in a short time.

Not Like a Man. "The female codfish," remarked the boarder who had been gleaning statistics from between the covers of a patent medicine almanac, "lays more than a million eggs. Now, what do you think of that?" "I think," rejoined the Cheerful Idiot, "that it's a mighty lucky thing for the codfish that she doesn't have to cackle over 'stry' 'ee'."

## RELIGIOUS

On next Sunday Wm. H. Cord begins his fourth year's work as pastor of Somerset Christian Church.

At Somerset Church on Friday afternoon the Bible School will have a "Christmas Treat" to which all the members of the church and school are invited. The program will be interesting and profitable. Among other things fifty Bibles will be given by the school. Non-members and friends are also cordially invited to be present.

The Bible School Board of the Christian Churches in Kentucky is arranging to have a number of Bible School Institutes held throughout the State during the months of January, February and March. It is the purpose of the Board to have institutes held in central places where officers and teachers from surrounding churches may attend. The institutes will be two days in length and will treat of important Bible School matters. Montgomery county churches need an institute and have one; but would the teachers and officers of the Bible Schools attend it? I have personally consulted the superintendent of the school in Mt. Sterling and he and I are agreed that it would be both interesting and profitable to our Bible Schools, but that we are not sure that our officers and teachers would attend. Many find ready excuses and stay away, just why, we do not know. Now, before anything definite is done, I shall be glad to hear from the schools at Peyton's Lick, Corinth, Antioch, Spencer, Camargo, Somerset and Mt. Sterling. Will your Bible School officers and teachers attend an institute held in Mt. Sterling for two days? Let me have a word from each of you.

## Heart Weakness

The action of the heart depends upon the heart nerves and muscles. When from any cause they become weak or exhausted, and fail to furnish sufficient power, the heart flutters, palpitates, skips beats; and in its effort to keep up its work, causes pain and distress, such as smothering spells, short breath, fainting, pain around heart, arm and shoulders. The circulation is impeded, and the entire system suffers for lack of nourishment.

Dr. Miles' Heart Cure makes a heart strong and vigorous by strengthening the heart nerves and muscles.

"I had palpitation and pain around my heart," and the doctor said it was heart trouble. "I tried to keep after taking six bottles of Dr. Miles' Heart Cure, three boxes of the Nerve and Blood Tonic, and three boxes of the Nerve and Blood Tonic, and I feel better than I have for five years, and it is all due to Dr. Miles' Heart Cure. I would not know that your medicines would cure me. I felt much better after the first dose, and I kept taking it until the pain in my chest was gone, and I kept on feeling better after I quit taking it."—Balding, Mich.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will cure you, if it fails we will refund your money.

## Executor's Sale

Of 331 Acres of Tobacco Land.

As Executor of the late John W. Skillman, I will sell to the highest bidder, on

Wednesday January 19th, 1910

at 10:30 a. m., his farm, containing 331.64 acres of land, situated 2 1/2 miles from North Middletown, and 1/2 mile from Little Rock, on Skillman pike.

All but 10 acres of this land is now in Blue Grass, much of it having been so for 30 to 40 years, some of it never having been plowed.

No tobacco or hemp has been grown upon the land, and practically all of it will produce either of the finest quality. No part of tobacco crop grows finer tobacco than does this section. There is upon the farm a comfortable brick house of seven rooms, a stock barn and necessary outbuildings.

This farm is divided into equal parts by the Skillman pike and is therefore subject to division into four small tracts, each being well watered and each having a frontage on said pike.

Tract No. 1 contains 73.37 acres. Tract No. 2 contains 68.47 acres. Tract No. 3 contains 100.45 acres. Tract No. 4 contains 89.35 acres.

This land will be offered in separate tracts, then as a whole, and the high or bids aggregating the most money will be accepted. Situated as it is in one of the best neighborhoods in the State, convenient to churches and schools and with its fertility stored up for years, it affords a rare opportunity for either a home seeker or for an investment that will yield quick returns.

Sale will take place upon the premises. TERMS.—One-third cash, balance in one and two years, with interest at six per cent. from date of sale, or purchaser may pay cash if he so desires.

Prospective buyers should be shown over the farm if they will inquire at North Middletown Deposit Bank.

## Turkeys in Pool Bring Nearly \$16,000.

Inspired by the success of their husbands in the Burley Tobacco Pool, the women of the Cynthia vicinity pooled their turkey crop and carried it through to success. Twelve thousand turkeys were gathered in this pool before the buyers were invited, then the entire bunch was sold to a Louisville poultry man for 18 cents a pound alive. The deal amounted to nearly \$16,000. This is the highest price on record for turkeys on foot.

## Largest Deficit in History.

The annual report on the United States postal service is issued and shows the largest deficit in history. The report says that the chief source of the shortage arises from the transportation on of newspapers and magazines that are carried at a low rate because of their educational value to the public. Also that the postal equipment, facilities and areas of the country are being enlarged and improved.

## Weasels Attacked Cow.

Waymarians on the farm of H. A. Sell, near Hanover, Pa., noticed a cow in "scurry" meadow strangely jumping about and bellowing loudly. Upon investigation they were astonished to find that eight weasels had attacked her. After a hard fight the farmers succeeded in killing several of the bloodsuckers and scattering the remainder.

## Confusion of Poisons.

The Russians may make a mistake in putting a skull-and-crossbones label on bottles of vodka. They will teach the simple peasant, who cannot read, to look for the poison label when he is thirsty, and who can tell how much carbolic acid, vitriol and such deadly drugs will be taken in the guise of the other poison?

## Wise Rats.

The depredation of rats in his chicken coop exacted Henry A. Lehr of York, Pa., to spread rat poison beneath the floor of his chicken coop. Instead of eating the poison the rats removed it to different parts of the yard. The next morning it was eaten by the fowls, as a result of which Mr. Lehr's flock of chickens is largely decreased.

## Vitality in Brain Work.

Vital as is the physical side of conserving youth, its true fountain is in our brain. If we maintain activity of its cells it quickens the circulation of the blood, the vital organs, gives light to the eyes, preserves the suppleness of the body, renders to a distance long life, age, death itself.

## Scarcity of Humor.

It is to be feared that if the papers reserved a special corner once each week for the witicism of the week, it would be often left blank. There is no wit to speak of today, only a feeble imitation of it which people are fond of calling the saving sense of humor. —London Saturday Review.

## COOK HAD BECOME FIXTURE

Much Wonderment at Social Members Meeting Before the New Member Explained.

It was almost the unanimous opinion at the Social Members' meeting that it was impossible to keep a cook more than a month without changing. "However," announced the president, "if any person present knows of an exceptional case, let her speak."

At this the new Member timidly arose in their midst. "The exception is in my house," she said.

"How long have you had your cook?" asked the president.

"Over five years."

For a moment the others stared in amazement; then heads began to bob in admiration and more heads began to swing sideways in vigorous distrust of this statement.

"Is this cook entirely satisfactory as a cook?"

"My husband thinks not, but she stays, nevertheless."

"How do you manage to keep her, then?"

"Because she won't go."

"Ahah!"

This ejaculation which escaped from the president's mouth was flashed like magic through the meeting until it became a huge wave.

The president regarded the New Member with half pity, half scorn.

"New Member," said she, the next moment, "instead of advancing a case in which a long-sought solution might have been found, you expose yourself as being worse off than any of your sisters. You show that by allowing this cook to stay over the month you have enabled the mental to attain and hold an ascendancy over you and your husband—just the thing this society has so long fought against! No doubt you rue this day, New Member."

"I do not!" she replied, bridling through the sniffs and tart insinuations that scintillated about her, "for in my house I am the cook!"

## Devotion to Sarah.

That matinee girls in an exaggerated form are not specialists of this country is evidenced by the following from a Paris paper:

"They were a bevy of about ten young girls, seated yesterday morning on a bench opposite 56 Boulevard Poire. 'Why?' They were awaiting the return of Mme. Sarah Bernhardt from a triumphal tour of the north of France, for which she had used an automobile for the first time.

"The girls knew very well that Mme. Bernhardt was due to arrive yesterday, but—at what time? Having no precise information on that point, they had begun mounting guard at nine in the morning before the home of their idol. Noon came—one o'clock—but no automobile.

"But they were not discouraged. Rather than desert their post they decided to lunch right there on the benches.

"Two o'clock, three, four. At last there is the honk of a horn. The ten girls pick up ten bouquets and rush to ward the approaching automobile. 'A radiant smile from Sarah is their reward, and they trip away, quite happy.'"

## Holland Lives Up to Her Pictures.

Holland is one European country that looks like her pictures. There is no better use for the word quaint than to apply it to Holland. The farmers really wear wooden shoes. The land really is diked. Black and white Holstein cattle really pervade the landscape. The men really wear blue jeans shirts outside their trousers as they work in the fields. On hundreds of heads of women in any crowd the silver hair baskets, covered with lace net, really may be seen. The girls and women are really red-cheeked without artificial coloring. The fields really abound with wild flowers and windmills really sway their giant, awkward arms in the wind. There is no sham, no pomp and splendor no fuss and feather in the country. One gets the impression of a rugged, sham-hating, simple, kind-hearted, helpful race in going through Holland.—From William Allen White's Letter to the Emporia Gazette.

## A Few Words to Poets.

There is a fool born every minute, so we are told, but there is also a great mortality among them. There are fewer active ones alive today than there were last week, or than there will be next Monday morning. It seems useless to say much to this kind of people, but we do wish to give a few suggestions in the interest of those who are not fools, but friends and relatives of fools.

Unless you are an expert boatman, do not take a boat out on the water and in no event unless you are able to control all those who are in it.

Do not try to see how deep you can dive nor how far you can swim into danger.

Do not try to see if your automobile can make 70 miles an hour, as guaranteed by the man from whom you bought it.

Do not blow your brains out simply because the girl doesn't like you or because you can't pay your debts. Let others do the worrying.

## A Good Excuse.

He—Confound it! We've been sitting on wet paint.

She—Yes, dear. I know we have.

He—And you never told me!

She—Don't be angry, dearest. You had just begun to tell me that you loved me, and how could I interrupt you?

## "Mad Parliament."

The name mad parliament was given to the parliament which assembled at Oxford in the year 1258, and broke out into open rebellion against Henry III. The king was deposed, and the government was vested in the hands of 24 councilors, with Simon de Montfort at their head.—New York American.

## Forcing the Child.

Do not force a child unduly to practice the piano, lest it acquire a distaste for the study, which both child and parent may bitterly regret in later years. Say "Wean a Life." It is little story of a crime to compel any form of study in a child even though it happens to have a natural talent for a particular art.

## The Sense of Duty.

A sense of duty pursues us over. It is omnipresent like the Delia. If we take to ourselves the wings of the morning, and dwell in the utmost "Mists of the sea, duty performed or duty violated is still with us, for our happiness or our misery. If we say the darkness shall cover us, in the darkness as in the light our obligations are with us yet.—Daniel Webster.

## To Cut Plate Glass.

To cut a piece of plate glass it is thought a diamond cutter is necessary, but it is not. If the glass is not very thick it can be cut with a pair of scissors, a large pair being preferable. Simply cutting hold this glass beneath half a foot or more of water, and it can be cut any shape desired. A round piece of glass has been cut out of a good sized table by this manner. The scissors do not have to be extra sharp.—Success.

## Costly Popularity.

France's cruiser Leon Gambetta is named after the famous politician, who died on December 31, 1882. In the times of his intense popularity Gambetta had an experience which he was wont to tell against himself. In Paris foreigners unguessed his horses and dragged his carriage to his house. Gambetta would narrate this with an air of pride, and he would add, with a smile: "But I never saw my horses again!"

## Adonis in Hard Luck.

A man once asked Thackeray to lend him five shillings, which he would convert into £20,000. Asked how, he explained that he knew a young lady with £20,000, who he knew would marry him if he asked her, but he had pawed his teeth, and wanted five shillings to redeem them in order to propose effectively. — T. P.'s Weekly.

## Friends in Need.

What do we have any friends. If we should never have need of them? They were the most needless creatures living, should we never have use for them? They were the most miserable of men, should we never have use for them? They were the most miserable of men, should we never have use for them? They were the most miserable of men, should we never have use for them?

## Waterproof Shingles.

Shingles are now made under a patented process from asbestos fiber as well as cement. Owing to the asbestos process under which the shingles are manufactured, it is said that they absorb, when fresh, only about five per cent. of their weight of water; and when exposed to the atmosphere for a year or two that hydration and subsequent crystallization make them absolutely impervious.

## Readers of the Advocate Should Be Interested in This.

Relief from catarrh, coughs, colds, hay fever, asthma and bronchitis, can be had in five minutes simply by breathing the soothing, healing, balsamic air of Hymene over the sore and raw membrane.

It acts like magic. When you breathe Hymene you bring the air from the Australian forests of pine and eucalyptus to your home, and the curative power of both is pronounced that all diseases of the nose, throat and lungs are unknown in inland Australia.

Hymene (inflated High-on-mel) is sold by W. S. Lloyd under a positive guarantee to cure any of the above named diseases or symptoms, or money back.

"Hymene cured my bronchitis, and I feel very thankful to you for your valuable medicine."

# Smokeless

Until science discovered a way to construct the Automatic Smokeless Device, and make it completely dependable, all oil heaters had one common great fault—smoke.

With the advent of the Automatic Smokeless Device, and its practical application to the

## PERFECTION Oil Heater

(Equipped with Smokeless Device) the smoke problem was successfully solved.

The Perfection Oil Heater is only heater equipped with this

## Automatic Smokeless Device

which insures a steady, full-glowing heat with the wick turned up as high as it will go, without a shred of smoke. Reverse the motion, turn the wick down—there's no smoke. The smokeless device automatically locks and prevents the upward movement of the wick beyond the proper exposure. This is the secret. This splendid result gave leadership to the Perfection.

You may now have all the heat you want—when you want it—and where you want it—without the annoyance of smoke or odor.

## Flexible Glue.

One part Venetian turpentine added to four parts of glue will make a flexible glue to attach leather to metals, says the Scientific American. The mass is heated in a glue pot until it becomes sticky and no more bubbles appear. A fresh mixture will work best.

## 'Tis in Star's Atmosphere.

Observations of the spectrum of Alpha Scorpii, made at the Cape of Good Hope, have shown a puzzling line that an English astronomer has attributed to tin. If this proves to be correct, it is the first discovery of tin ever made in the atmosphere of a star.

## Idaho Actor's Wardrobe.

Tommy Post, one of the many stage folk living at the house on Grove street burned recently, was the least loser of the actors stopping there. He lost a nightgown and a red bandana handkerchief, and the leg of one of his trousers was water-soaked. He will take immediate steps to replenish his wardrobe.—Idaho Statesman.

Relief from catarrh, coughs, colds, hay fever, asthma and bronchitis, can be had in five minutes simply by breathing the soothing, healing, balsamic air of Hymene over the sore and raw membrane.

It acts like magic. When you breathe Hymene you bring the air from the Australian forests of pine and eucalyptus to your home, and the curative power of both is pronounced that all diseases of the nose, throat and lungs are unknown in inland Australia.

Hymene (inflated High-on-mel) is sold by W. S. Lloyd under a positive guarantee to cure any of the above named diseases or symptoms, or money back.

"Hymene cured my bronchitis, and I feel very thankful to you for your valuable medicine."

Ludwick Edwards, 1323 Madison Ave., Columbus, Ohio.

The price for a complete outfit, including a hard rubber inhaler, is \$1.00, and on the no cure—no pay plan, all sufferers should try it.
